Cases in France surpass 3,000 for second day

Paris, August 16 (RHC)-- The French Health Ministry has reported 3,015 new coronavirus infections over the past day, the second day in a row in which new cases have surpassed the 3,000 mark.

However, the daily count was below the 3,310 cases reported on Saturday, when a new post-lockdown high was reached, the ministry's data showed.
