

ICE Arrests Hundreds of Undocumented Immigrants in Sanctuary Cities

Washington, September 29 (RHC)-- In the U.S., the Donald Trump administration said Thursday that immigration agents arrested nearly 500 undocumented immigrants around the country over the past week.

The arrests came as part of Operation Safe City, an Immigration and Customs Enforcement sweep targeting sanctuary cities including Denver, Philadelphia, Los Angeles, San Francisco and New York, where local police refuse to serve as de facto immigration agents.
