

Donald Trump Believes Israeli Settlements Legal

New York, October 27 (RHC)-- U.S. Republican presidential candidate Donald Trump reportedly does not believe that settlements built by the Zionist regime of Israel in Palestine are illegal. According to Trump's advisor on Israel, David Friedman, the Republican candidate throws his full and total support to Tel Aviv.

Friedman, who was campaigning for the New York billionaire at a restaurant on Mount Zion (Jabel Sahyoun) in East Jerusalem, made the comments to AFP after a rally. His advisor said that the former reality TV star is "tremendously skeptical" about the so-called two-state solution, promoted by the Democratic administration of President Barack Obama during his eight years in office.

The Obama administration has already voiced criticism over Tel Aviv's expansionist policies, considered illegal by the international community. The presence and continued expansion of Israeli settlements in the occupied Palestine has created a major obstacle for the efforts to establish peace in the Middle East.

Over half a million Israelis live in more than 230 illegal settlements built since the 1967 Israeli occupation of the Palestinian territories of the West Bank.

All Israeli settlements are illegal under the international law. Tel Aviv has defied calls to stop the settlement expansion in the occupied Palestinian territories.

Some 150 people, including extremist Israelis and evangelical Christians, took part in the Trump rally in on Wednesday. David Friedman echoed previous remarks by Trump, saying the real estate mogul would recognize East Jerusalem as the capital of Israel if he wins the White House in the U.S. 2016 presidential election.

A short video message by Trump was also played at the event, in which he said: "Together we will stand up to the enemies like Iran, bent on destroying Israel and her people." "Together we will make America and Israel safe again."

According to leaked e-mails from March 2015 by former U.S. secretary of state Colin Powell, the regime has pointed 200 nuclear weapons at the Iranian capital.
