

Christmas-Themed Protest at Drone Operations Base

Syracuse, December 28 (RHC)-- In Syracuse, New York, four people were arrested outside the Hancock Air National Guard Base at a nonviolent protest against the U.S. drone assassination program.

Demonstrators marked the Christmas holiday by dressing as Biblical figures and erecting a 20-foot-long nativity scene at the gates of the air base, which is home to the 174th Attack Wing of the National Guard's Reaper drone program.
