

U.S. President Cancels Trip to Milwaukee Amid Massive Planned Protests

Milwaukee, February 2 (RHC)-- U.S. President Donald Trump has canceled his planned trip to Milwaukee amid mass planned protests. The White House announced that Trump will not tour a Harley-Davidson factory in Wisconsin as scheduled.

In response, the Milwaukee Coalition Against Trump said: "Trump's unpopular policies have ignited an unprecedented resistance movement that will block his every move. We hope our success in Milwaukee sets the tone for the rest of Trump's Presidency. Wherever he goes, there will be resistance!"
