

Head of Government of Mexico City on Working Visit to Cuba

Havana, April 21 (RHC) -- Miguel Ángel Mancera, the head of government of Mexico City, began a working visit to Cuba Friday, during which he will meet with representatives of health institutions.

Mancera will meet with Cuban Health Minister Roberto Morales Ojeda and sign cooperation agreements in the areas of cancer, HIV-AIDS and neuro-restorative medicine.

The Mexican academic will visit institutions such as the International Center for Neurological Restoration, the Centre for Integral Treatment of HIV in Havana, and the Genetic Engineering and Biotechnology Center.
