

Cuban President Miguel Diaz-Canel sends condolences to Guatemala for deaths caused by volcano

Havana, June 6 (RHC)-- Cuban President Miguel Diaz-Canel has sent his condolences to the government and people of Guatemala for the loss of human life and the damage caused by the volcanic eruptions of the Volcán Fuego.

In a message sent to the Guatemalan president, Jimmy Morales, the head of state of the island extended his condolences to the relatives of the victims.

The eruption of the Fuego volcano is affecting the southern department of Escuintla, where dozens of deaths are reported.
