Paris, Apr 4, (RHC), -- French Foreign Minister, Laurent Fabius, will travel to Cuba on April 12 in what will be the first visit by a French foreign minister to the Caribbean nation in three decades, diplomatic sources in Paris announced.

The French Minister himself had announced last March 19 that he "would travel to Cuba soon," but without setting an exact date.

Earlier in March, Fabius held a meeting in Paris with his Cuban counterpart, Bruno Rodriguez.
