

John Bolton is a pathological liar, says Cuba's foreign minister

Havana, July 2 (RHC)-- Cuban Foreign Minister Bruno Rodriguez affirmed that US National Security Adviser, John Bolton, is a pathological liar.

The foreign minister remarks came on twitter after Bolton said that "the US sends a hospital ship to the region and Cuba sends "means of repression", hiding that Cuba has deployed some 400 thousand health specialists in 134 countries, and has done over 3,4 million eye surgeries."

"He is an untreated pathological liar," the minister said.

John Bolton is considered among the main 'hawks' who, along with politicians of Cuban origin, like Senator Marcos Rubio, are committed to strengthening the economic, commercial and financial blockade against Cuba.

As part of that effort, they want to include Cuba on the unilateral lists the White House fabricates to justify sanctions against third countries, including Cuba, Venezuela and Nicaragua.
