

Bernie Sanders campaign rally disrupted by protester with Nazi flag

Phoenix, March 7 (RHC)-- In the U.S., there are increased concerns over Bernie Sanders's safety, after a man unfurled a Nazi flag at a Sanders event in Phoenix, Arizona.

Bystanders ripped the swastika from the man before security guards escorted him from the arena. Sanders is vying to become the country's first Jewish president.

Later in the evening, protesters waving flags bearing Trump's name were also escorted from the Sanders rally after trying to disrupt the event.
