Havana, May 12 (RHC) -- The Cultural Heritage Division of the Havana Historian Office has called to celebrate International Museum Day on May 18 with a challenge: Discovering Heritage.

Until May 17th, the Facebook page of the Cultural Program of the aforementioned institution will publish the image of a work from some of its museums' collections for viewers to identify which one it is part of. Participants should mark Like and respond with a comment on the photographs with the hashtags #Descubriendoelpatrimonio and #DiainternacionaldelosmuseosOH2020 (Discovering heritage and National Museum Day OH2020). On the 18th, the correct answers and the winners will be announced, who are scheduled to receive souvenirs from the Historian's Office, while the Rutas y Andares (Routes and Walks) Project will grant specialized visits to the chosen museum.
