

Brazil nears 50,000 coronavirus deaths and one million cases

Brasilia, June 19 (RHC)-- New statistics from Brazil's Health Ministry shows the country fast approaching 1 million confirmed coronavirus cases and 50,000 deaths.

With the world's worst outbreak outside the United States, Brazil now has 978,142 confirmed cases and 47,748 deaths, up 1,238 from Wednesday, the ministry said.
