

India death tolls exceeds 20,000

New Delhi, July 7 (RHC)--- India's death toll has surpassed 20,000 as the country moves ahead with plans to relax its nationwide lockdown.

On Tuesday, the country reported 467 new deaths from coronavirus, bringing the total death toll to 20,160. It also recorded 22,252 new confirmed cases.

New cases and deaths are both rising at their fastest pace in three months, according to Reuters.
