

Anti-Asian American hate crimes soaring since beginning of pandemic

San Francisco, July 8 (RHC)-- Anti-Asian American hate incidents are soaring across the United States following the outbreak of the coronavirus pandemic.

A new site tracking hate crimes reports over 2,100 incidents have occurred since March. The site was launched by the Asian Pacific Policy and Planning Council and Chinese for Affirmative Action.

Both groups have criticized President Trump for describing COVID-19 as the "Chinese virus" and "kung-flu."
