

Activists call for ICE to free persecuted Mexican prisoner

San Diego, August 12 (RHC)-- In U.S. immigration news, advocates are urging Immigration and Customs Enforcement to release a Mexican man imprisoned at the Adelanto ICE Processing Center in California and to remove him from a “deportation list.”

Rights groups say ICE wants to deport José Tapete for speaking out against the facility’s squalid and abusive conditions, and neglectful practices amid the COVID-19 pandemic, including the agency’s use of harmful chemicals allegedly used to disinfect the facility. Tapete has been imprisoned at Adelanto for over two years and has schizophrenia. He has also participated in several hunger strikes.
