

Cuba reports 567 new cases with Covid-19 and three deaths

Havana, January 23 (RHC)-- The Cuban Ministry of Public Health (Minsap) reported on Saturday 567 new cases of Covid-19 and three deaths in the last 24 hours.

Thus, the Caribbean island accumulates 191 deaths and 20 627 persons diagnosed with the SARS-CoV-2 coronavirus, which causes the disease, since the beginning of the pandemic in the national territory in March 2020.

In a TV press conference, the Minsap's Epidemiology Director, Francisco Durán, explained that for the detection of the coronavirus, 14 371 samples were analyzed on Friday in 18 molecular biology laboratories, for a total of 1 763 994 real time PCRs
