Chanting “Death to Arabs,” Israeli mobs attack Arab-owned businesses

Tel Aviv, May 14 (RHC)-- Violence is spreading across Israel, with Jewish mobs attacking Palestinians in mixed Jewish and Arab communities. Extremist Israeli settlers were filmed attacking Palestinian-owned

shops in a Tel Aviv suburb.

Another harrowing video shows ultranationalist Israelis dragging a man they believed to be an Arab from his car and beating him mercilessly. Some settlers were shown on live television chanting “Death to Arabs.” Israeli media compared the violence to lynchings.
