Haiti makes more arrests in Moïse assassination probe

Port-au-Prince, July 28 (RHC)-- Authorities in Haiti have arrested the head of Haitian President Jovenel Moïse's security team as part of its probe into Moïse's assassination on July 7th. It remains unclear how Moïse's assassins were able to get by the president's security detail without firing a shot.

Haitian authorities have also issued an arrest warrant for Supreme Court Justice Windelle Coq Thélot. Her whereabouts are unknown.

Meanwhile, CNN is reporting some of the court clerks involved in the investigation of Moïse's assassination have received death threats.
