

Cuba reports 7,771 new Covid-19 cases, 93 deaths

Havana, September 7 (RHC)-- The Cuban Ministry of Public Health reported on Tuesday 7,771 new COVID-19 infections and 93 deaths in the last 24 hours.

The Ministry said that the Caribbean country had accumulated 704,675 patients with Covid-19 since March 2020, and 5,881 people have lost their lives due to complications related to the disease.

Pinar del Río reported 1252 cases , Camagüey 687, and Havana 673. Those were the provinces with the highest number of cases.
