

Earthquake Kills Three in Mexico and Guatemala

Mexico City, July 8 (RHC)-- In Mexico and Guatemala, at least three people are dead after a powerful 6.9-magnitude earthquake. The quake was centered in Southern Mexico, where it sparked landslides and building collapses, killing at least two people in the state of Chiapas.

According to reports from Guatemala City, a baby was killed in the hard-hit Guatemalan state of San Marcos when a piece of a hospital ceiling collapsed on him.
