Havana, September 15 (Jit) -- The Granma team that will take part in the Baseball Champions League Americas 2023 will add four new athletes to its roster.

In this regard, the Cuban Baseball Federation (FCB) has issued a communiqué...

NOTE FROM THE FCB:

The Cuban Baseball Federation informs that the Granma team that will attend the Baseball Champions League Americas 2023, in Merida, Mexico, will have four additional players.

This is in response to the decision of the World Baseball Softball Confederation (WBSC) to increase the rosters for that event from 24 to 28 athletes, in line with what happens in its main competitions.

In coordination with the team management and the provincial commission of our sport in that eastern territory, pitchers Miguel David Paradelo and Yunier Castillo, outfielder Pedro Almeida and infielder Yosbani Millán have been included.

This team continues its preparation at the Victoria de Girón stadium in Matanzas and will leave for the venue on September 25.
