

Overwhelming majority of nations around the world vote against U.S. blockade of Cuba at UN General Assembly

United Nations, November 2 (RHC)-- Cuba's resolution at the United Nations General Assembly was put to a vote on Thursday for the 31st time -- annually since 1992 -- with a vote of 187 against and 2 in favor of Washington's blockade, with one abstention.

The usual suspects -- the United States and Israel (what a surprise!) voted in favor of genocide... the genocidal blockade of Cuba.
