Gaza City, March 28 (RHC)-- A video has gone viral, showing Israeli soldiers fatally shooting two unarmed Palestinians near Gaza City, then burying their bodies with a bulldozer. The men can be seen waving pieces of white fabric before they are shot dead.

International human rights organizations have condemned the killings. Hamas issued a statement, saying that the killing of men who posed no threat and were surrendering is “further evidence of the scale of fascism and criminality that governs Zionist behavior.”

The video was confirmed as authentic by the Al Jazeera news agency.

Indiscriminate Israeli attacks continued throughout the Gaza Strip on Wednesday. One Palestinian, Mussa Dhaheer, told reporters that he lost his parents in an Israeli airstrike on Rafah.

Mussa Dhaheer said: “I don’t know what to do. I don’t know what to say. I can’t make sense of what happened. My parents, my father, with his displaced friends who came from Gaza near the industrial area and were staying with him, they were all together when suddenly they were all gone like dust. They fled from one death and came to another. ... If the Security Council issues another resolution, they will hit more. For God’s sake, do not pass more resolutions. That’s enough. Every time they pass a resolution, they hit us more. We’re all dying, my parents last night. We will be tomorrow. Others will follow. We’re all on the way to death.”
