Havana, September 18 (RHC) -- Cuban President Miguel Diaz-Canel condemned Israel's cyber attack on Lebanon, which left thousands injured and at least nine dead, in a message posted on his X account on Wednesday

"The terrible Israeli massacre, now in Lebanon, is evidence of Zionism's impunity today," said the head of state. The Cuban leader also said that "the silence" of the Israeli government's allies "is another sign of

complicity and cowardice."

"Our solidarity with the victims and the Lebanese people, and the absolute repudiation of this outrage," he declared.

The Lebanese Foreign Ministry accused Israel of carrying out a massive attack on Tuesday at approximately 3:30 p.m. Beirut time, when it detonated beepers and devices for receiving messages, in the possession of Hezbollah members.

For its part, the nation's Council of Ministers condemned the aggression and called on the United Nations to repudiate this deadly attack. (Prensa Latina)
