Sanaa, November 22 (RHC)-- The leader of Yemen's Ansarullah resistance movement has called upon all Muslim nations to join forces and engage in jihad against the enemies, emphasizing they have no other viable option in the face of American-Israeli plots aimed at their subjugation.

"Had Arabs and Muslims implemented a Qur'anic and faith-based approach to jihad, they would have been able to protect Palestinian territories and the entire region against the Zionist entity," Houthi said on Thursday as he delivered a televised speech broadcast from the Yemeni capital Sana'a.

The Ansarullah leader described hollow appeals as well as empty summits and statements in support of Gaza from Arab and Muslim leaders as "futile." He stressed that genuine faith-driven action is necessary to liberate people from fears and elevate the Muslim Ummah to confront challenges effectively.

Houthi praised the sacrifices made by martyrs on the path to protect Islamic values, stating that Washington and the Tel Aviv regime are hell-bent on subjugating the whole region. "The United States should be held accountable for its complicity in all crimes that Zionists have committed over the past decades in Palestine, Lebanon, Syria, Jordan and Egypt," he said.

"Britain and France colluded with the U.S. in housing Zionist gangs on Palestinian lands, and their subsequent recruitment, arming and empowerment," the Ansarullah chief said. He emphasized that Muslim nations must support the resistance in Gaza and Lebanon and elsewhere.

"Fighters in Gaza are steadfast, and continue to inflict painful blows on the Israeli enemy. Hezbollah is gaining remarkable achievements and is standing firm in the face of the unprecedented aggression against Lebanon. "Muslim nations should take the right path by supporting combatants in Palestine, Lebanon, Iraq and Yemen," Houthi said.

The Ansarullah leader pointed out that what the supporters of savage and criminal Zionism say about freedom, human rights, and civilization are nothing but misleading and deceptive remarks. He pointed to the bloody history of Americans, British, French, and Germans, stating that their criminal record involved the killing of millions of people by extremely vicious methods.

Houthi underlined that the US veto in the Security Council against a ceasefire resolution in Gaza reflects Washington's aggressive and criminal approach toward Arabs and Muslims. Houthi finally called upon all walks of Yemeni society to take to the streets across the country on Friday and participate in massive rallies in solidarity with Palestinian and Lebanese nations.
