

Cuban president maintains systematic check on National Electric System (SEN) restoration

Havana, December 5 (RHC) --The First Secretary of the Central Committee of the Communist Party of Cuba and President of the Republic, Miguel Díaz-Canel, has maintained, since early Wednesday morning, a systematic check on the actions to restore the National Electric System (SEN).

On his account on the social network X, the president pointed out that “the colleagues from the Ministry of Energy and Mines and the Electric Union are working tirelessly and with precision on the reconnection.”

Díaz-Canel explained that several energy islands are working in the country and that there should be good progress during the day.
