

Elon Musk makes Nazi seig heil gesture twice during Trump inauguration

Washington, January 21 (RHC)-- On Monday, Elon Musk stoked outrage when he appeared to make a “siege heil” Nazi salute — twice — as he thanked Trump supporters at an inaugural rally in Washington, D.C.’s Capital One Arena. Elon Musk: “And I just want to say thank you for making it happen. Thank

you.”

In response, New York Congressman Jerrold Nadler wrote on Musk’s social media platform X: “I never imagined we would see the day when what appears to be a Heil Hitler salute would be made behind the Presidential seal. This abhorrent gesture has no place in our society and belongs in the darkest chapters of human history. I urge all of my colleagues to unite in condemning this hateful gesture for what it is: antisemitism.”
