Tehran, June 18 (RHC)-- Iran's Supreme Leader Ayatollah Ali Khamenei has warned that any U.S. military action in Iran will be "met with irreparable harm."

Khamenei's warning comes a day after President Trump demanded Iran's "unconditional surrender."  
Trump also directly threatened Khamenei by writing on Truth Social that the U.S. knows exactly where he is, adding: "We are not going to take him out... at least not for now."

Multiple reports indicate Trump is moving closer to ordering U.S. airstrikes on Iran after months of supporting negotiations.
