

Simeone is Confident of Advancing in the Club World Cup

Atletico Madrid

Washington, Jun 23 (PL) Argentine coach Diego Pablo Simeone ratified his confidence that Atlético de Madrid will advance today to the round of 16 of the World Club Soccer Championship.

The task looks complicated for the Spanish team, as they must defeat the reigning *Copa Libertadores* champions, Botafogo of Brazil, who also come from beating the European Champions League winners, Paris Saint-Germain of France.

However, 'Cholo' reiterated that he believes in his players and is confident that they can do the job.

"The argument I have is that I believe in my players, I know they can do it. Win and things will happen," he said at the press conference before the matchday three game.

After losing to PSG, the Red and Whites overcame Seattle Sounders of the United States, but it won't do them any good if they don't defeat Botafogo.

The Spanish team has three points, just like PSG, but it is assumed that the French team will win on Monday to reach six points, the same as the Paulista team.
