

At Least 40 Killed at Refugee Camp in Yemen as Saudi-Led Strikes Intensify

Sanaa, April 1 (RHC)-- Saudi-led forces have intensified their aerial bombardment of Yemen and launched strikes from warships around Aden in a bid to prevent *Houthi* rebels from advancing on the city.

At least 40 people were reportedly killed when an airstrike hit the Al Mazraq camp for displaced people in a Houthi-controlled area in the north. According to Doctors Without Borders, about 500 new families had arrived at the camp over the past few days, fleeing bombings in other parts of Yemen.
