

Kenya Launches Another Round of Airstrikes Targeting Al-Shabab in Somalia

Nairobi, April 8 (RHC)-- Kenya has launched another round of airstrikes in Somalia targeting the militant group *Al-Shabab* after it claimed responsibility for the massacre of 148 people, mainly Christian students, at Kenya's *Garissa University College*.

Kenyan authorities say they destroyed two *Al-Shabab* camps earlier this week. But a resident told the Associated Press the strikes appeared to hit grassland used to graze animals.
