

Hundreds Evacuated in Indonesia's North Sulawesi Volcano Eruption

Jakarta, May 8 (Xinhua) -- At least 465 people were evacuated from their houses in Siau Tagulandang Biaro district in North Sulawesi province on Friday following eruption of Karangetang volcano, a senior official at Indonesia's National Disaster Mitigation Agency (BNPB) said here.

Impact of the active volcano's eruption has flattened several houses in Kora village in the region, regional authorities said, adding that in the afternoon the volcano was still erupting lava, rocks and hot materials as far as several kilometers from the crater of the volcano.
