

New Cuban Hotel Under French Management

Ciego de Avila, June 2 (RHC) — France's Accor Hotel Chain will assume in November the management of a new hotel on Cayo Coco Key, off the north-central Cuban coast.

The Pullman Cayo Coco Hotel, managed by Cuba's Gran Caribe Group, will offer 518 rooms under the all-inclusive modality and is located just 10 minutes from the Jardines del Rey international airport on the Cuban keys.

Accor Hotels Company, with 20 years of experience in Cuba, is currently managing another two hotels -- one in Havana and another in the Varadero tourist center, in western Matanzas province.
