

Sprint and T-Mobile Open Calling Plans to Cuba

Sprint®

T-Mobile

Havana, June 19 (RHC) — As Cuba and the United States come closer in the diplomatic field, experts say better communications between the close neighbors constitute a necessary reality.

In this direction, two of the biggest U.S. telecom companies are making it easier to contact friends and family members living in Cuba.

Sprint and T-Mobile have now introduced options to dial the Caribbean nation for rates as low as 70 cents per minute and unlimited text messaging.
