

Havana Hosts 1st Cuban-Russian Seminar on Industrial Technology

Havana, November 12 (RHC)-- The 1st Cuban-Russian Seminar on Industrial Technology held sessions this week in Havana, aimed at defining joint projects through 2020.

The two sides expressed a common interest in expanding and strengthening cooperation in the development of advanced technology.

The Havana seminar was in the framework of the Russian-Cuban Inter-Governmental Commission for Economic, Trade, Scientific and Technical Cooperation.
