Israeli Forces Kill Palestinian Over Alleged Links to Tel Aviv Shooting

Ramallah, January 9 (RHC)-- Israeli forces have killed a Palestinian whom they allege had carried out a shooting attack in Tel Aviv on January 1st.

Local media said on Friday that Nashat Melhem, who was accused of killing three people in the shooting, with unclear motive, was shot dead at a mosque.

Zionist military forces also injured four Palestinians in the occupied West Bank as tensions continue with no end in sight between Israeli forces and Palestinian protesters in the occupied territories.

Three of the Palestinians were wounded by gunfire in northern and eastern parts of the West Bank, and a fourth suffered breathing complications after inhaling tear gas fired by Israeli forces north of the city of Bethlehem.
