

President Nicolás Maduro Criticizes Mariano Rajoy's anti- Venezuela Remarks

Caracas, January 20 (RHC)-- President Nicolás Maduro has criticized the Spanish government's interference in the internal affairs of Venezuela, particularly what he called the “racist, colonial-style remarks” by President Mariano Rajoy.

Maduro said the problems in Venezuela concern only the Venezuelan people. He added that the Spanish president should best seek a solution for the millions of Spaniards, who are currently without a job.

During a ceremony at the Teresa Carreño Theatre, in Caracas, Maduro said the latest remarks by Rajoy signal his ignorance of Venezuela.
