

Israeli Forces Arrest 15 Palestinians Across West Bank

Ramallah, January 21 (RHC)-- Israeli military forces have reportedly arrested 15 Palestinians during separate overnight operations across the occupied West Bank.

Military vehicles rolled into al-Orouj Village, east of Bethlehem, early on Thursday and arrested a 28-year-old woman, along with her two brothers after breaking into their home.

Israeli troops also arrested two young men in the town of Beit Fajjar, eight kilometers south of Bethlehem, the Arabic-language Safa news agency reported.

In the Dheisheh refugee camp just south of Bethlehem, Israeli armed forces detained two Palestinian youths. Violence broke out as local residents engaged in clashes with Israeli troopers. Israeli forces fired stun grenades as well as tear gas canisters to disperse the crowd, wounding at least two young men.
