

U.S. Court Orders Release of Thousands of More Clinton E-mails

Washington, February 12 (RHC)-- A U.S. court has ordered the State Department to release thousands of more Hillary Clinton's e-mails during her term as secretary of state by the end of this month.

U.S. District Judge for the District of Columbia on Thursday ordered the Barack Obama administration to release batches of the still-undisclosed portion of Clinton's e-mails on February 13, February 19, February 26 and February 29 with "all remaining documents" before March 1st.

In response, the U.S. State Department promised to make public over 500 of e-mails from the private server Clinton used during her time in office this weekend. The department will now have to release the final 3,700 e-mails in four separate portions during this time.
