

Israeli sniper kills 21-year-old Palestinian medic Razan al-Najjar

Gaza City, June 7 (RHC)-- In Gaza, thousands of Palestinians gathered for the funeral of 21-year-old medic Razan al-Najjar, who an Israeli sniper shot dead last week as she was helping evacuate wounded Palestinians at a protest near the separation fence between Israel and Gaza. The Israeli sniper shot her in the chest even though she was clearly wearing a medical vest and a medical ID at the time of her death.

In total, the Israeli military has killed at least 119 Palestinians and wounded more than 13,000 more as part of the brutal crackdown against the Palestinians' ongoing nonviolent Great March of Return protests demanding an end to the Israeli occupation.
