

At least 24 injured as hundreds demonstrate in Gaza against Israeli blockade

Ramallah, December 11 (RHC)-- At least 24 Palestinians have been injured as hundreds of people staged a demonstration near the Gaza Strip's northern maritime border with the Israeli-occupied territories during a weekly protest against the Tel Aviv regime's 12-year naval blockade.

The Arabic-language Shehab news agency reported that eleven protesters were struck with live bullets on Monday, while 12 others suffered wounds after being hit with rubber-coated steel bullets. Another Palestinian protester was injured by shrapnel. Dozens of demonstrators suffered tear gas inhalation as well, and were transferred to hospitals for treatment.

Earlier in the day, the Fishermen Committees in the Union of Agricultural Work Committees announced in a statement that Israeli forces had targeted Palestinian boats west of Rafah City.

Israel imposed a limit of three nautical miles on fishing in the waters off the Gaza shore until August 2014, when Palestinian fishermen were allowed to go out six miles under a ceasefire agreement reached between the Israelis and Palestinians following a deadly 50-day Israeli war in the same month.

The fishing zone is supposed to extend to 20 nautical miles under the Oslo Accords. The Oslo Accords were signed between the Israeli regime and the Palestine Liberation Organization (PLO) during the early-mid 1990s to resolve the Israeli-Palestinian conflict.

In May 2017, Israeli authorities increased the fishing area for Gazan fishermen to nine nautical miles.

The Gaza Strip has been under an Israeli blockade since June 2007. The blockade has caused a decline in the standard of living as well as unprecedented levels of unemployment and unrelenting poverty.

Tensions have been running high near the fence separating Gaza from the occupied territories ever since anti-occupation protest rallies began in the Gaza Strip on March 30th. More than 240 Palestinians have been killed by Israeli forces and more than 23,000 Palestinians have suffered injuries.

On June 13, the United Nations General Assembly adopted a resolution, sponsored by Turkey and Algeria, condemning Israel for Palestinian civilian deaths in the Gaza Strip.

The resolution, which had been put forward on behalf of Arab and Muslim countries, garnered a strong majority of 120 votes in the 193-member assembly, with 8 votes against and 45 abstentions.

The resolution called on UN Secretary General Antonio Guterres to make proposals within 60 days “on ways and means for ensuring the safety, protection, and well-being of the Palestinian civilian population under Israeli occupation,” including “recommendations regarding an international protection mechanism.”

It also called for “immediate steps towards ending the closure and the restrictions imposed by Israel on movement and access into and out of the Gaza Strip.”
