

Qatar Airways cabin crew to wear protective suits; face masks must for passengers

Doha, May 19 (RHC)-- Qatar Airways cabin crew will begin wearing protective suits and passengers will have to wear face masks on board, the Middle East airline said, as it begins rebuilding its network after the coronavirus pandemic grounded flights.

Cabin crew have already been wearing face masks and gloves while on board but will now also wear suits over their uniforms, while face masks would be mandatory for passengers beginning May 25th, the airline said in a statement, adding that cabin crew and passenger interactions will be reduced.
