

Palestinian Boycott, Divest and Sanctions leader arrested in Occupied West Bank

Ramallah, July 31 (RHC)-- In news from the occupied West Bank, the general coordinator of the Palestinian BDS (Boycott Divestment and Sanctions) National Committee was detained Thursday after Israel forces raided his home in Ramallah at three in the morning. Mahmoud Nawajaa was handcuffed and blindfolded in front of his wife and three young children.

BDS movement co-founder Omar Barghoutti said the arrest is part of an Israeli campaign to “terrorize Palestinian BDS activists and their families.”
