Gaza City, September 20 (RHC)-- The military wing of Palestinian resistance movement Hamas, Ezzedine al-Qassam Brigades, has vowed in a video that the “river of blood” in the besieged Gaza Strip will be met with a “flood of martyrdom operations” against Israel.

The Brigades recalled the historic Operation Al-Aqsa Storm that Hamas launched against the Israeli regime in October last year.

“You have ignited a fire that will never be extinguished until we repel you away from our home and our land ... We have prepared for you certain death. The fire you ignited will burn you and be a curse upon you, your settlers, and your army,” a fighter stressed, addressing the occupying entity.

“And we say to the criminal enemy that every day of aggression against our family and people in Gaza will double the bill of blood and revenge. There will be nothing in return for the blood but blood. The pain of our prisoners, especially our female prisoners in the prisons of tyranny, will not pass without accountability,” the fighter warned.

He was referring to unprecedented hardship that Palestinian women face at the Israeli regime’s prisons, as violations against female prisoners are escalating amid reports of abuse, mistreatment, and deteriorating conditions.

“And we, in the Ezzedine al-Qassam Brigades, tell the oppressive enemy that the river of blood flowing on the land of the Gaza ... will be met with a flood of martyrdom operations that will turn its situation upside down in its own house. It is indeed a battle of victory or martyrdom,” the Hamas fighter further said in the video.

A top Israeli general has acknowledged that Hamas is wining despite Israel’s upper hand on a tactical level.

Israel waged its brutal U.S.-backed war on Gaza last October 7th after Hamas carried out Operation Al-Aqsa Storm against the usurping entity in retaliation for its intensified atrocities against the Palestinian people.

However, nearly a year into the genocidal aggression, the Tel Aviv regime has failed to achieve its declared objectives of “destroying Hamas” and finding Israeli captives despite killing at least 41,252 Palestinians, mostly women and children, and injuring 95,497 others.
