# *Far-right backers of Itamar Ben-Gvir attack Palestinian rights protesters in New York*

New York, April 29 (RHC)-- Protests continued Sunday in New York over a visit by Israel's far-right security minister Itamar Ben-Gvir, who was once convicted for incitement to racism and support for a terrorist organization.

On multiple occasions, supporters of Ben-Gvir attacked protesters and bystanders while chanting "death to Arabs" in Hebrew.

Earlier, on Thursday, a mob of over 100 men surrounded and attacked a Brooklyn woman who lived nearby, after they assumed she was a pro-Palestinian protester.
