

FIFA Congress Receives Bomb Threat

Zürich, May 29 (RHC) — Elsewhere in the world, the international soccer organization FIFA resumed its 65th Congress in Zürich on Friday, after a bomb threat was received hours earlier.

The threat came following the opening of the event in which FIFA President Joseph “Sepp” Blatter's has secured a fifth term in charge, despite the chaos and controversy engulfing world football's governing body, following a massive corruption scandal affecting top leaders of the federation.
